

UNITED STATES DEPARTMENT OF AGRICULTURE

SERVICE AND REGULATORY ANNOUNCEMENTS

BUREAU OF ANIMAL INDUSTRY

DECEMBER 1939

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the Bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each, or 25 cents a year (foreign, 60 cents). A supply will be sent to each official in charge of a station or branch of the Bureau Service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

CHANGES IN DIRECTORY

Meat Inspection Granted

- †171. E. F. Drake, Sunbeam, Va.
 383. Sanitary Grocery Co., Inc., 1431 Okie Street NE., Washington, D. C.
 †504. Holland Supply Corporation, Holland, Va.
 †833. Manry Bros., Courtland, Va.

Meat Inspection Withdrawn

1017. G. Pasquinelli & Son, 2633-2635 Penn Avenue, Pittsburgh, Pa..

Cancellation of Order Granting Inspection

Inasmuch as operations requiring inspection have not been undertaken at establishment 247, Greenwald, Inc., 1101-41 South Brunswick Street, Union Stock Yards, Baltimore, Md., the order granting inspection to that concern has been canceled.

New Substations

- Holland, Va., meat inspection, under Dr. A. J. Wahn, Richmond, Va.
 Sunbeam, Va., meat inspection, under Dr. A. J. Wahn, Richmond, Va.

NOTICES REGARDING MEAT INSPECTION

ANIMAL CASINGS OF FOREIGN ORIGIN

Certificates required by B. A. I. Order 305 and instructions issued thereunder, which bear the official title of the high official of the foreign country as specified below, will be acceptable with animal casings offered for importation into the United States.

The certificates must also bear the signature of the high official of the national government having jurisdiction over the health of animals in the foreign country in which the casings originate, but owing to the fact that the high officials are changed from time to time it is impracticable to publish their names.

Official title	Foreign country
Director of Agriculture and Fisheries.....	Palestine

The notice in Service and Regulatory Announcements of June 1928 is hereby revoked so far as Palestine is concerned.

LIVER-FLUKE SURVEY CONCLUDED

The instructions in Service and Regulatory Announcements for January 1934, page 2, under the caption "Reports on Liver Flukes Desired," may now be disregarded as the survey undertaken at that time has been concluded.

OVERTIME PAY ROLLS AND TIME REPORTS

Each inspector in charge of a meat-inspection station at which any claim is made for reimbursement on account of overtime inspection under the provisions of Memorandum No. 288 of the Secretary of Agriculture, whether authorized by letter or telegram or under the instructions pertaining to certain specified holidays in Service and Regulatory Announcements for August 1938, pages 98 and 99, will submit an overtime pay roll at the close of each month during which the overtime work on which the claim has been based was performed. There shall appear upon the Form O. T. 2 (duplicate), at the left and below the names of the employees listed thereon, a reference to the authority under which the overtime inspection was furnished, such reference being in substance as follows:

Authority: Letter Y-5.135 (or telegram) to (addressee), (date), or

Authority: S. & R. A. August 1938, pages 98 and 99.

From each station at which overtime compensation is claimed there shall also be submitted monthly, as a meat-inspection report, a supplementary M. I. Form 101-A (revised), which shall be plainly marked, "Overtime," at the top of the form, and otherwise appropriately modified as may be necessary. The name of each employee for whom overtime is being claimed shall appear on this report, using two or more lines for each employee, indicating upon the first line the name and title, hour of starting and finishing work on each date on which overtime is claimed, lunch period or periods, all departments in which services were performed during the entire period, and the number of the meat-inspection establishment; and, on the next lower line or lines, the hours of starting and completing the overtime services for which claim is being made, including the department or departments in which the overtime work was performed. This special time report should not be forwarded with the overtime pay roll.

From each station at which overtime (other than that on the holidays previously mentioned) has been authorized and remains in effect, the special time report indicated in the preceding paragraph shall also be submitted for each month during which no claim for overtime compensation is being made, a notation to this effect appearing on the form. If the conditions are then such that the authority may be revoked, the inspector in charge should also so report by letter. Circular Letter No. 2210 is hereby rescinded.

PERMITTED COLORING MATTER FOR MEAT AND MEAT FOOD PRODUCTS

B. A. I. ADMINISTRATIVE NOTICE 2. ISSUED DECEMBER 28, 1939

Effective on and after February 1, 1940

Sec. 18.10¹ *Coloring matters permitted in meat and meat food products; methods of application.* (a) The following dyes may be used in official establishments for mixing with prepared fats or application to sausage casings, subject to sampling for laboratory examination and approval at the discretion of the inspector in charge:

(1) The natural coloring matters alkanet, annatto, carotene, and cochineal.

(2) Coal-tar dyes as follows, subject also to certification by the manufacturer and the furnishing of authoritative evidence to the inspector in charge that the dyes have been certified by the United States Department of Agriculture under the Federal Food, Drug, and Cosmetic Act, approved June 25, 1938, for use in connection with foods:

<i>Name</i>	<i>Former Name</i>
FD&C Blue No. 1.	Brilliant Blue FCF.
FD&C Blue No. 2.	Indigotine.
FD&C Green No. 1.	Guinea Green B.
FD&C Green No. 2.	Light Green SF Yellowish.
FD&C Green No. 3.	Fast Green FCF.
FD&C Orange No. 1.	Orange 1.
FD&C Orange No. 2.	Orange SS.
FD&C Red No. 1.	Ponceau 3R.

¹ The numbering of the sections of B. A. I. Administrative Notices conforms to the numbering of title 9, chapter I, of The Code of Federal Regulations.

<i>Name</i>	<i>Former Name</i>
FD&C Red No. 2.	Amaranth.
FD&C Red No. 3.	Erythrosine.
FD&C Red No. 4.	Ponceau SX.
FD&C Red No. 32.	
FD&C Yellow No. 1.	Naphthol Yellow S.
FD&C Yellow No. 2.	Naphthol Yellow S-Potassium salt.
FD&C Yellow No. 3.	Yellow AB.
FD&C Yellow No. 4.	Yellow OB.
FD&C Yellow No. 5.	Tartrazine.
FD&C Yellow No. 6.	Sunset Yellow FCF.

(3) Mixture of two or more dyes mentioned in paragraphs (1) and (2), or a mixture of one or more of the dyes with harmless inert materials, such as common salt or sugar.

(b) Provided the dyes do not penetrate into the product, sausage and other meat food product in animal or hydrocellulose casings may be colored artificially by dipping, spraying, or cooking the product in a solution of approved dye.

When penetration of the dye is observed, all dyed portions of the overtreated product shall be removed and condemned, after which the uncolored portions, if otherwise acceptable, may be reworked. No greater tolerance for penetration shall be allowed for product in hydrocellulose casings than for product in animal casings. The presence of a visible ring of dyed product appearing when links or pieces of the colored product are cut or broken is evidence of penetration.

This notice, which is based on B. A. I. Order 211 (revised), regulation 18, section 6, paragraph 3,² as amended by amendment 7, dated July 25, 1933, shall be effective on February 1, 1940. It supersedes the following notices in Service and Regulatory Announcements:

"Permitted Coloring Substances," June 1919, page 61.

"Addition to List of Permitted Colors," October 1922, page 114.

"Coloring Sausage Casings by Cooking in Lieu of Dipping," January 1923, page 2.³

"Addition to List of Permitted Dyes," April 1927, page 27.

"Addition to List of Permitted Dyes," March 1929, page 26.

"Addition to List of Permitted Dyes," August 1929, page 71.

It also supersedes Circular Letter 1493, dated September 22, 1927.

All dyes on hand which meet previous requirements may continue to be used until exhausted but not beyond April 30, 1940.

J. R. MOHLER,
Chief of Bureau.

LICENSE ISSUED FOR BIOLOGICAL PRODUCT, NOVEMBER 1939

License No. 52 (limited to calendar year 1940) was issued November 27, 1939, to Cutter Laboratories, Fourth and Parker Streets and Fourth Street and Caleo Way, Berkeley, Calif. (mailing address, Fourth and Parker Streets), for hog-cholera vaccine, blood origin (crystal violet) and tissue origin (Boynton).

FRAUDULENT SALE OF ANTI-HOG-CHOLERA SERUM BRINGS FINE

Violations of the Virus-Serum-Toxin Law governing the production and sale of serums and other biological products intended for the treatment of domestic animals, by Dr. Charles L. Rea, doing business as the Rea Serum Co., Kansas City, Mo., resulted in the United States District Court for the Western District of Missouri finding him guilty as charged.

Dr. Rea was fined \$450 and costs for shipping from Kansas City, Mo., to Alabama, Georgia, and Iowa anti-hog-cholera serum that had been diluted as much as 33 percent and that, in its final form, had not been prepared in a licensed establishment. The dilution was sufficient to make the serum a worthless product, within the meaning of the law, in that it lacked the potency and immunizing properties necessary for the safe treatment of hogs for the prevention of hog cholera.

The serum in question had been sold in bottles closed with rubber stoppers, covered with plain paper caps, and sealed with paper bands bearing the words "Sold by Rea Serum Company, Kansas City, Mo." Although the law does not require serum to be sold in sealed bottles, it prohibits the interstate shipment of any biological product that has not been prepared wholly by licensed establishments.

It was brought out that Dr. Rea was not licensed by the Secretary of Agriculture and that he had purchased serum from a licensed producer but had substituted his own paper caps and seals for the officially authorized seals and caps, after diluting the serum which he bought. The labels on the bottles called for the usual dosage, which made the diluted serum a dangerous and harmful product in the hands of users having no knowledge of its spurious character.

In the main, the producers of anti-hog-cholera serum have given the Bureau full cooperation and have aided in the detection of violations of the Virus-Serum-Toxin Law.

B. A. I. ADMINISTRATIVE NOTICES

Hereafter instructions which are based on authority granted by the Secretary of Agriculture in B. A. I. Orders and as regards the activities of individuals or commercial concerns are regulatory in effect, will be issued as B. A. I. Administrative Notices. Notices 1 and 2 were issued during the month of December 1939 and are listed elsewhere in this issue of Service and Regulatory Announcements. Notice 2, which pertains to the use of coloring matters in connection with meat food products, is published in full herein. Subsequent notices will be listed in Service and Regulatory Announcements. Notices of broad interest or of which a printed record is desirable will be published in full in Service and Regulatory Announcements. Additional copies of any of these notices may be obtained on application to the Bureau.

NEW PUBLICATIONS OF THE BUREAU

[The Bureau keeps no mailing list for sending publications to individual employees, but sends copies to officers in charge of stations and offices. These publications should be regarded as notification copies. So far as possible additional copies will be furnished on request.]

B. A. I. Order 372. To Prevent the Spread of Splenetic or Tick Fever in Cattle. Effective on and after December 15, 1939. Pp. 4.

Amendment 38 to Declaration 12 under B. A. I. Order 309. Declaring Names of Counties Placed in Modified Tuberculosis-Free Accredited Areas. Effective December 1, 1939. Pp. 2, mimeographed.

Amendment 3 to B. A. I. Order 370. Existence of Rinderpest or Foot-and-Mouth Disease; Importations Prohibited. Effective on and after December 28, 1939. P. 1, mimeographed.

Report of the Chief of the Bureau of Animal Industry, 1939. By J. R. Mohler, Chief. Pp. 82.

Administrative Notice 1. Cresylic disinfectant as permitted disinfectant. Effective January 2, 1940. Pp. 2.

Administrative Notice 2. Coloring matters permitted in meat and meat food products. Effective February 1, 1940. Pp. 3.

ORGANIZATION OF THE BUREAU OF ANIMAL INDUSTRY

Chief: JOHN R. MOHLER.

Assistant Chief: A. W. MILLER.

Assistant Chief: HARRY W. SCHOENING.

Assistant Chief: PAUL E. HOWE.

Business Manager: J. R. COHRAN.

Assistant Business Manager: N. A. OLMSTEAD.

Assistant to Chief: D. S. BURCH.

Animal Husbandry Division: HUGH C. MCPHEE, Chief.

Animal Nutrition Division: PAUL E. HOWE, Chief.

Biochemic Division: ROBERT M. CHAPIN, Chief.

Division of Tick Eradication and Special Diseases: W. M. MACKELLAR, Chief.

Division of Virus-Serum Control: D. I. SKIDMORE, Chief.

Field Inspection Division: S. O. FLADNESS, Chief.

Interstate Inspection Division: A. W. MILLER, Chief.

Meat Inspection Division: EDWARD C. JOSS, Chief.

Pathological Division: HARRY W. SCHOENING, Chief.

Tuberculosis Eradication Division: A. E. WIGHT, Chief.

Zoological Division: BENJAMIN SCHWARTZ, Chief.

Animal Disease Station: ADOLPH EICHORN, Director.
